COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

There have been several questions as to what decision has been reached regarding ambulance service. As of now, there has not been a final decision made. I am convinced the only solution is to contract with the Dubois ambulance service in Rumford.

I have contacted several groups along with individuals with whom I have had occasion to discuss the subject and by far the majority indicate they do not feel there is interest enough to support a volunteer service.

The only money available to support an ambulance service will be the \$1,250 that would have been paid to Mr. Greenleaf had he continued until March 31. The contractor in Rumford will cover us for that amount until our regular town meeting when the Selectmen will find out if the Town appropriates funds for another year.

We have been unable to complete the T. R. I. road on Chandler Hill as the loader has been broken down this week. The transmission which was overhauled last spring lasted two days hauling gravel.

E. Davis Lumber Co. He makes his home with his sister-in-law, Mrs. Verna Swan, in Bryant Pond.

GREENWOOD CITY

Mrs. Colista Morgan, Corres.
The woods are beginning to flare in autumn glory and the sparkling waters invited boat and me for a ride. Time? One thirty until four thirty.

We traveled entirely around the pond and visited secluded spots hemmed in by trees on the back shore. Going down and by the entrance to the Sanborn River guarded now by a single white chalice of fragrance, the lily, I noticed the change in the grasses and weeds. Extending into the water are rank masses of pickerel weed browned now and interlaced with arrowhead while in the back ground clustering alders stood like sentinels on an outpost of civilization.

No place to anchor here so Boat moved on a bit.

When the sun became too warm I tied Boat and entered the deep woods where it was dark, rough, remote and secret.

The sky was high and brilliant above the forest's mixed growth and the pond stretched blue and calm between the shores.

The small clearings were boiling over with goldenrod and purple asters as I passed through them to the higher grounds and the velvet quiet of the hills.

Ferns by the brook-side and up the hill were a lively green just as in mid summer.

Then I climbed to the back bone of the hill in the part which lay open and exposed. At the very top of the jumble of rocks there was a table rock weathered and gray with patches of ferns. These rocks gathered up by the ice sheet and probably carried miles and miles were eventually discarded here as "glacial erratics" away possibly from an outcrop of matching rock.

Other boulders were carried a few feet or a few miles then left to either perch on a bold hilltop or were strewn out in a succession of broken fragments.

I picked up a piece of "Glass and Snow." Isinglass. This may awaken memories of old fashioned thought associations: the old iron stove had an isinglass window through which the red glow spread through the room, or the isinglass curtains were put up on the sully on a rainy ride. Here I stayed for a short time meeting the warm sunlight on the slopes.

The timber was a rustle with many fattening squirrels.

My binoculars picked up a flash of wings gleaming in the sun; a kingfisher dropped to the sparkling surface and made off with a small fish then was invisible against the blue.

Returning to Boat I continued down shore then anchored long enough to pay a visit to the falls. The call was a temptation. I could not resist its chuckle and whisper encased in its granite walls.

At the far end of the pond I entered a "school." The water was so

shallow that the tiny fish scattered everywhere in flight.

The whirligig beetles were plentiful in this spot, too, dancing and darting and whirling about on top of the water. There is a strangeness about the little creatures; it's their eyes.

"A whirling of beetles
With air and water eyes
Peer into the pond
While they peer into the skies."
What if two things arrived at the same moment; one from the air, one in the water?

Perhaps it's better to have but two eyes.

The tall narrow leaves of the cattails readily found with their tawny golden seed spikes, a common feature of autumn rose before me.

Facing north and west the water was as clear as glass fringed with the dark forest and tips of distant mountains for a background.

Now and then I caught a glimpse of the river hidden in the thicket or widening out to the sun in a gleaming ripple while above appeared a few fluffy clouds hanging over blue rippling silk.

Home—Boat anchored, and here greeted by lovely butterfly spreading her iridescent wings to catch the last warmth of the sun and of course to show me her brilliant self.

With a final look over my shoulder I climbed the bank leaving Boat and shutting out the various scenes which were now only a part of the history of my life.

Miss Ann Holt was at home from Gorham State College over the week end.

Mr. and Mrs. Leonas Holt called on Mr. and Mrs. Maynard Chase. West Paris, Sunday. Mr. Chase had the misfortune of suffering a broken foot and ankle on Thursday.

Mr. and Mrs. Fred Curtis were in Lewiston on Tuesday to visit their brother, Ernest, at the CMG Hospital. On Sunday Ernest returned to his home in Poland.

Mr. and Mrs. Chester Bowen, Massachusetts, were at their cottage here over the week end.

Weston Flint, South Paris, was a supper guest of Mr. and Mrs. Leonas Holt, Saturday. In the evening Mr. and Mrs. Clyde Morgan joined them for slides on his trip to Alaska this last summer and the many interesting things he had to tell.

Mrs. Norman (Jeanne) Millett of Greenwood City was scheduled to undergo surgery at the Central Maine General Hospital in Lewiston on Wednesday morning, Oct. 1. Her room number is 377.

Mrs. Jean Millett enters CMG Hospital for observation and tests on Monday. Stephen Millett will visit.

FIRE PREVENTION WEEK

High Cost of Carelessness
"Don't give fire a place to start!" is a piece of advice often heard but too little heeded. Results of this heedlessness are starkly outlined in the annual fire records of the United States and Canada.

In the two countries, more than 1,850 homes are destroyed or damaged by fire each day, in many instances with tragic loss of life. Fire strikes about 600 industrial and commercial places each day, and in addition to the waste of physical resources, there are incalculable costs in temporary or permanent loss of jobs and frequent business failures.

We have an unfortunate habit of dismissing most fires as "accidents," as sort of visitations of bad luck which somehow are unavoidable. But how unavoidable—or predictable—is the fire started by a carelessly discarded cigarette, or overloaded and defective electric wiring, or poorly maintained heating and cooking equipment. As shown by National Fire Protection Association studies, these and similar, uncomplicated causes are responsible for the great majority of fires.

We need to acknowledge the fact that fires are not only wasteful but avoidable, then to go on to reform the habits and remove the hazards which cause them. When each of us as an individual has done this, we will no longer risk our lives, jobs and possessions to the destructive forces of fire.

The Bethel Fire Department will hold an open house from 1 to 9 p. m. on Sunday, Oct. 5. The public is urged to visit their fire department.

Mr. and Mrs. Mailand Ryder and Michelle who are enroute to Virginia, were guests of Mr. and Mrs. Ralph Ryder on Wednesday and Thursday.

Kurt Brown celebrated his tenth birthday with a party at his home on Sept. 27. Guests were Brian and Brent Douglass, Andy Benson, and Peter Keniston.

The address for Matthew Brooks, who recently entered the U. S. Army, is: Pvt. Maurice M. Brooks, US 006-44-1475, Co. E, 3rd Bn., 2 Bt. Bde., Fort Dix, N. J. 08640.

verse from John is included in the Lesson-Sermon to be read in all Christian Science churches this Sunday.

A passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy used in supporting commentary reads: "Immortal men and women are models of spiritual sense, drawn by perfect Mind and reflecting those higher conceptions of loveliness which transcend all material sense."

The subject of the sermon is "Unreality."

Services will be held at First Church of Christ Scientist, Main and Tenth Streets, Berlin, N. H., at 11 a. m. All are invited to attend.

The Christian Science Radio Series "The Bible Speaks to You," is broadcast each Sunday over Station WMOU, Berlin, N. H., at 8:15 a. m. The theme on Oct. 5, will be "How Do You Choose Your Friends?"

Chadbourne Denton, first vice president; Mrs. James Thompson, vice president elect, and Miss Mira Dolley, president elect.

BROWNIES AND JUNIOR GIRL SCOUTS ORGANIZE

On Tuesday, September 30th, the Brownie Troop held its first meeting at the Congregational Church. Mrs. Eugene Buswell is leading the troop this year with Mrs. James Owen and Mrs. Josephine Tripp assisting.

The Junior Girl Scout Troop will hold its organization meeting on Monday, October 6th from 3:15 p. m. until 4:45 p. m. in the Community Room of the Casco Bank. Mrs. Stanley Davis and Mrs. Richard Littlefield will assist Mrs. Larry Cox with the Junior Troop.

Due to a definite lack of leaders this year both the Brownies and Junior Scouts will limit their membership to approximately 24 girls each in order that the leaders may better serve the girls in their scouting interests.

The Brownie Troop will consider first the 3rd graders who have been active in Brownies before accepting the 2nd graders. The Junior Troop will accept last year's Brownies and 5th and 6th graders who attended meetings regularly last year.

It is realized that some interested girls must be left out, but unless more parents are willing to volunteer as leaders there is no hope to accommodate everyone. If anyone is interested in working in some fashion at either level of scouting please contact Mrs. Larry Cox.

Also, troop leaders will not assume responsibility for transporting girls home following troop meetings this year unless in the event of an emergency.

20 SECONDS WITH THE NAZARENE

Rev. Parker
Bethel Church of
the Nazarene

Beware, in your prayer, above everything, of limiting God, not only by unbelief, but by fancying that you know what He can do. Expect unexpected things above all that we ask or think. Each time you intercede, be quiet first and worship God in His glory. Think of what He can do, of how greatly He delights to hear His son, our Lord, and think of your place in Christ, and expect great things of God.

"And all things, whatsoever ye shall ask in prayer, believing, ye shall receive." Matt. 21:22

We are very fortunate to resume the new school year at Ethel Bibbee School, with Mary Paine and Judy Bean. We are happy to have Elaine Emery of West Paris as our nurse this year.

Girls from Gould Academy, studying Child Development will be joining the staff as volunteers starting next week.

The Headstart children went to a party for Katherine Swain last week. They also have been painting, tracing, cutting out and pasting. They are making birdhouses with balloons and string.

More people should drop in and see what they are doing. All are more than welcome to drop in!

At the last Headstart meeting there were 14 parents present. We urge the parents to come to the meetings as they are very informative.

Mr. and Mrs. Peter McCarthy and son, Peter, of Salem, N. H., were week end guests of Mr. and Mrs. Dick Prescott.

GUIDANCE DEPARTMENT

Adult Education Classes started Monday night at 6:30, Sept. 29.

Richard Martin of New England College, and Richard W. Moll, Director of Admissions of Bowdoin College, visited Telstar on Sept. 25.

Ralph Davis, Associate Dean of Admissions from Bates College visited Telstar on Friday the 26th, and talked for a time with Mrs. Priscilla Hotte, Counselor, and Brian Wentworth and Frank Gibson III, both Seniors.

On Monday, Myron D. Hagar of Westbrook Junior College visited Telstar and renewed his acquaintance with Keith Cunningham, principal, and visited with David H. Denison, Counselor in the Guidance Department.

Mrs. Ann Howard of New England Deaconess Hospital School of Nursing visited Telstar on Tuesday, Sept. 30, and talked with girls interested in nursing careers.

George B. Cunningham, Employment Counselor of Maine State Employment Service of Rumford, visited with Mrs. Priscilla Hotte with reference to the GATB's being given on Oct. 7.

The New England Reading Association held its twenty-first Annual Conference at The Wayfarer Inn, Bedford, N. H., on Sept. 25-26-27. "Reading—A Lifetime Pursuit" was the theme of the conference, which included five general sessions and a number of strands planned to meet specialized interests.

Among the speakers featured at the general sessions were: Nila Banton Smith, Helen Huus, Malcolm Knowles and Daniel Pader. An innovation in this year's program was "Dinner and Conversation with Celebrities", providing an opportunity for attendees to exchange ideas with well known persons in Reading, Language Arts and related fields.

Special interest strands included meetings and discussions focusing on Media with Albert Cullum and others, Theatre with Raymond Picotzi and the Lenox Group and others, and Urban and Rural Disadvantaged with Paul Warren and Barbara Arnstein and others. A final strand, "Pot Pourri", combined varied topics of current interest and included presentations by Margaret Early and Robert Fay and others.

A model learning center was presented and made available to conferees by Lorraine Tolman, as well as librarians of elementary and secondary schools.

Mrs. Frank H. Glazier represented Mr. Glazier, Guidance Director of Telstar Regional High School, at the meeting and presented interesting materials and ideas with reference to reading courses as presented in grades from Kindergarten through grade 12.

Mrs. Natalie H. Timberlake, Reading, Title I teacher of Woodstock Elementary School, accompanied Mrs. Glazier and participated in the convention.

The first meeting of the school year of 1969-70 of the "Central Maine Guidance Association," which includes S. A. D. 44 was determined a success.

At 4 p. m. 53 members were invited to tour the Satellite Tracking Station at Andover under the supervision of Mr. Sederquist.

The group returned to Bethel and toured the Telstar Regional High School with Principal Keith Cunningham and Counselor David Denison, as hosts.

At the dinner hour at Bethel Inn Mrs. Priscilla Hotte and Mrs. Nellie Macdougall Parks served as co-hostesses at the social hour and at a delicious dinner.

ard Blasenak, director at Augusta, conducted the business meeting and invited various colleagues to speak on various phases of Guidance as we move forward into the Era of 1970.

Guests of the S. A. D. 44 Guidance Department included the following: Mrs. Nellie M. Parks, Gould Academy; Samuel Bigelow, Gould Academy; Mr. and Mrs. Samuel Timberlake, Mrs. Lynnie York, Mrs. Edith H. Eypper, Keith Cunningham, Brian Flynn, Mrs. Frank H. Glazier, David H. Denison, Mrs. Priscilla Hotte, Mrs. Irene P. Stevens, Mrs. Katherine B. Davis, Mr. and Mrs. Lawrence Arsenault, Mr. and Mrs. Henry Dombkowski, Mr. and Mrs. Guy Gibbs, Felix Otero-Otero.

A meeting of the S. A. D. 44 Chapter of Dollars for Scholars was held at the home of Mr. and Mrs. Dana Douglass, Jr., on Monday evening, Sept. 22.

Important business at the meeting included the awarding of 12 (1969) scholarships of \$225.00 each. In contrast to 1968 the number of awards were doubled and the amount awarded each recipient exceeded by \$75 the amount of a year ago.

At the same meeting measures were adopted to approve money-raising events for the third year income for Dollars for Scholars. Namely the presentation of the Noel Coward comedy "Blithe Spirit", to be directed by professional coach, David Thompson. The dates scheduled for the play's presentation are Nov. 29 and 30.

Candidates still interested should contact Coach Thompson.

Another event includes an entertainment in late February. (More information will be released on both events soon.)

Mrs. Frank Glazier attended the State meeting of Guidance at Auburn, Maine, on Thursday and Friday, October 2 and 3, to represent Mr. Glazier, who was unable to attend on account of illness.

Schools in S. A. D. 44 like other areas in Maine are closed Oct. 2-3 because of the State Convention of Educators. In view of the number of teachers in the state, split sessions were in operation for teachers, to distribute the number of instructors. Reports to date on the procedure seem to be favorable by many of the teachers in our area.

Happy holidays, boys and girls!

The selectmen have received several requests for refunds on Snowmobile taxes paid for 1969. Under the law Snowmobiles were subject to personal property taxes for 1969 unless excise taxes were paid before April 1st. A law passed by the 104th Legislature exempts Snowmobiles from personal property taxes, but this law in no way effects the 1969 tax. The selectmen have been advised by the State Tax Assessors' Office that there is no reason why this tax should be refunded, or why it should not be collected if not already paid, and that since the new law made no provision to this effect, that the Town Officials did not have any right to refund, or abate, the tax for 1969. There will be no excise or personal property taxes on snowmobiles under the new law, but the registration fee will be increased to \$10. Six dollars of which will be returned to the town. The new law takes effect Oct. 1, and after that date the increased registration fee must be paid and there can be no refund on the 1969 tax either before or after that date.

2 YEAR TRACK WARRANTY

A two year warranty against track separation applies to all 1970 single cylinder MOTO-SKI models. Standard warranty applies to 438, 500 and 634 cc models.

"Story of Moto-Ski's Exclusive Track"

Every MOTO-SKI built features our exclusive and unique Rubberized Steel Cleated Track.

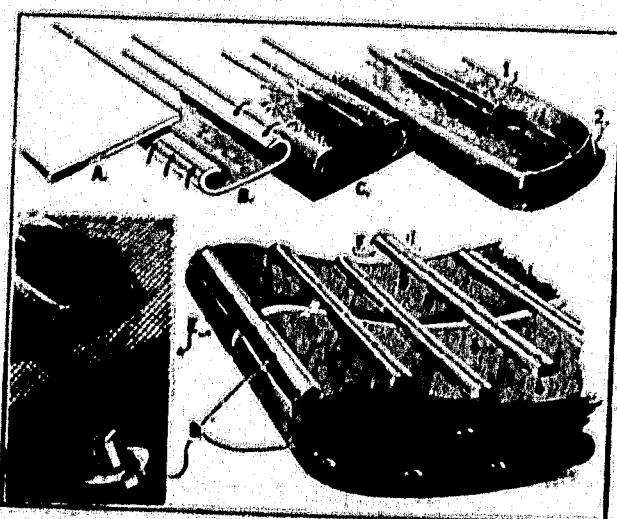

What's so special about this track? Take the cleat itself: we start with a slab of flat steel (A). First, we put a very exacting curl to the metal's edge (B); then, each cleat is carefully hand-dipped in molten rubber and molded. Note how the curled edge allows the steel to become completely encased (C). Final shaping of each cleat gives this track its prime characteristics: (1) the traction ribs for hard-packed or crusty snow (2) the beveled edge for superior performance in deep, soft snow.

Damage to ordinary, molded tracks, without cleats, requires total track replacement (at about a hundred bucks!).

On the MOTO-SKI track, individually mounted cleats can be quickly and inexpensively replaced (F). Each is secured with a half-dozen, tubular steel rivets (D) at intervals of about every three inches. The 3-ply belt (E) is constructed of the highest quality rubber and nylon and is designed with a roughly textured outer surface (greater traction) and a smooth inner finish (less friction). Its non-molded construction creates far greater flexibility at lowest temperatures... providing maximum conformability to all types of terrain.

When you invest in a snowmobile, you have a right to expect that it will go where snowmobiles are supposed to go. With its exclusive track, MOTO-SKI meets this responsibility. The result: a superior performance on ice, crust, snow, deep snow and deep, deep snow.

The standard MOTO-SKI track width is 15". The big wide track measures 18" across.

**LISBON TOPS TELSTAR FOR FIRST VICTORY**

Lisbon High's Greyhounds finally broke into the win column after dropping its first three games by downing Telstar, 38-16, at Lisbon Saturday.

The Greyhounds scored in every period, with Randy Matthews chalking up two touchdowns, and Bert Ringuette, Frank Myska and John Hartwell each one. Steve Blake and Ed Whitten counted for Telstar.

Blake scored Telstar's first six-pointer on the end of a 60-yard march and Whitten went over from the eight for the third-period score.

An interception by Matthews at the 35 set the stage for Bert Ringuette's TD for the Greyhounds on a 60-yard run. Matthews scored the next two, one on an 18 yard sprint and the other on a 13 yard romp around left end. Myska's touchdown was set up by Bert Ringuette's fumble recovery at the 10, and Hartwell countered on a 35-yard aerial from Myska.

Andy Davis was outstanding on defense for Telstar; Spanky Reynolds, Matthews and Charlie Tebbetts for the Greyhounds.

The summary:
